<u>SCREENSHOTS + README</u>

<u>Instructions to run the app</u>

Since the app is designed in Windows 8.1 platform/ Since none of the team members have Microsoft developer's license, product needs to be run using IDE. Hence the two important requirements are,
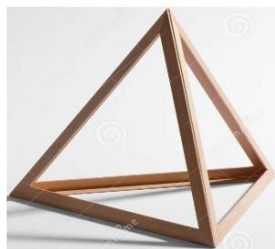

1. Windows 8.1 OS
2. Visual Studio 2015
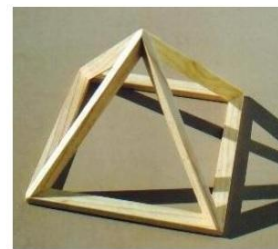

1. Open the project and use Run from the IDE (F5)

2. In the user page, select the option you are looking for.
